PRODUCT ANNOUNCEMENT

ENGINE COOLANT

ACB-003 - 50/50 Pre-Diluted Long Life Antifreeze/Coolant

AISIN 50/50 **Blue** Pre-Diluted Long Life Antifreeze/Coolant is specifically engineered for Acura, Honda, Infiniti, Mitsubishi, Nissan, Subaru, and Suzuki. It also can be used in select models of Hyundai, Isuzu, Kia, Mazda, and Scion. This premium Antifreeze/Coolant offers excellent corrosion protection and meets vehicle manufacturer's warranty requirements.

AISIN 50/50 Pre-Diluted Long Life Antifreeze/Coolant is recommended for vehicles filled with HOAT (**BLUE**) and some GREEN Antifreeze/Coolants.

AISIN 50/50 Pre-Diluted Long Life Antifreeze/Coolant is a non-silicated, non-amine, non-nitrite, and non-borate coolant with hybrid organic acid technology (HOAT).

Protection Chart (°F)

*Using a 15 lb psi Pressure Cap.

Concentration	50%
Boiling Point*	265°
Freezing Point	-34°

Features:

- Convenient ready to use formula. No need to add water.
- Specialized inhibitors maximize temperature protection in today's high output engines.
- Provides water pump lubrication.
- Prevents pitting, cavitation and hard water scale.
- Meets or exceeds all ASTM and SAE standards for coolant corrosion protection.
- For specific application information, please visit our website: www.aisinaftermarket.com

ACT-002 - 50/50 Pre-Diluted Super Long Life Antifreeze/Coolant

AISIN 50/50 **Pink** Pre-Diluted Super Long Life Antifreeze/Coolant is specifically engineered for Toyota, Lexus, and Scion family of vehicles. This premium Antifreeze/Coolant offers excellent corrosion protection and meets vehicle manufacturer's warranty requirements.

AISIN 50/50 Pre-Diluted Super Long Life Antifreeze/Coolant is recommended for vehicles filled with HOAT (**PINK**) or OAT (**RED**) Antifreeze/Coolants.

AISIN 50/50 Pre-Diluted Super Long Life Antifreeze/Coolant is a non-silicated, non-amine, non-nitrite, and non-borate coolant with hybrid organic acid technology (HOAT).
