## **Life Cycle Policy**

Discontinued part numbers will be submitted as a list at the beginning of each year. Those discontinued part numbers will become obsolete part numbers at the beginning of the following year. The obsolete part numbers will become non-returnable as of January 01 in the third year.

Note: a part number may be discontinued or superseded at any time during the year, and will be reported as such in the PIES file that is sent electronically. Any part number discontinued during the year will be included on the discontinued list the following January, at which time the 3 year cycle will begin.

The following list of part numbers have been discontinued by AISIN. These part numbers will be moved to an OBSOLETE status January 01, 2021. They will become ineligible to return after January 01, 2022.

The next page includes the full list of Part Numbers discontinued in 2019.
