## NOW OFFERING EXPANDED PAD AND ROTOR COVERAGE

ADVICS, an OE quality aftermarket supplier for a broad range of vehicles, is aggressively expanding its ultra-premium disc brake pad and rotor product offering. These products will be on the shelf in the Aisin warehouse by January, 2021.

### PRODUCT EXPANSION OVERVIEW:

- Adding 62 brake pad SKUs, covering 541 applications
- All new brake pad kits will contain the required installation hardware
- Adding 130 rotor SKUs, covering 2,242 applications
- Parts will be in stock at the Aisin warehouses in the US by January, 2021
- This expansion provides a 126 million VIO increase for ADVICS
- More SKUs will be added in 2021. Exact timing is T.B.D. Once this next wave of expansion happens, we will have close to full coverage for late model Asian and domestic vehicles.

ADVICS brake pads and rotors are engineered to work together. Developed from advanced ceramic friction technology, ADVICS ultra-premium disc brake pads provide superior stopping power and peak performance capabilities. Constructed from certified high carbon, ADVICS ultra-premium disc brake rotors use OE-quality precision machining to achieve tight, precise tolerances, maximum friction reduction and heat diffusion. Using ADVICS pads and rotors together provides longer life, less noise and the same pedal feel as the OE product.
